

The background of the entire slide is a photograph of a large stadium at night. In the foreground on the left, the FIFA World Cup trophy is prominently displayed. The stadium is filled with spectators, and the pitch is brightly lit. In the background, several bright firework trails are visible against the dark sky. The title 'FIFA World Cup Analysis' is overlaid in the upper center in a bold, orange-outlined font.

FIFA WORLD CUP (1930-2014)

The FIFA World Cup was first held in 1930, when FIFA, the world's football governing body, decided to stage an international men's football tournament under the era of FIFA president Jules Rimet who put this idea into place. The inaugural edition, held in 1930, was contested as a final tournament of only thirteen teams invited by the organization. Since then, the World Cup has experienced successive expansions and formal remodeling, with its current 32-team final tournament preceded by a two-year qualifying process, involving over 200 teams from around the world.

Half-time Goals by Home Team and Away Team

● Sum of Half-time Home Goals ● Sum of Half-time Away Goals

Key Findings from the dataset

1. The world cup has been played every 4 years except in the year 1942 and 1946, the period of world war 2.
2. The number of matches played has increased with each passing year as new countries participated in the world cup.
3. Brazil holds the record of winning the maximum number of times followed by Italy, Germany so on.
4. Brazil has scored highest goals (259 Goals).
5. A major insight from the data was, on an average the home team scored more goals than away goals, this behavior has been shown in different rounds played in different years.
6. Highest Attendance: 346602 people attended Argentina vs. Belgium on 5 July 2014 at 13:00.
